

CON AG 2011 RECAP

With the guidance and leadership of Jeff Pence and Steve Scanio, Jason Industrial had an Exhibition Stand at the recently concluded Con Ag/Con Expo held in Las Vegas.

www.conexpoconagg.com

There were approximately 150,000 attendees in Las Vegas during the week of March 21st. We were visited by over 100 new and existing customers and have addressed the follow up letters and the requested literature to the prospect list.

The sales team assigned to the show, led by Doug Heckmann, also dispatched themselves covering the 53 miles of floor space in order to visit prospective OEM customers.

**Jeff Pence and Franco Urbani
(Megadyne Sales Manager)**

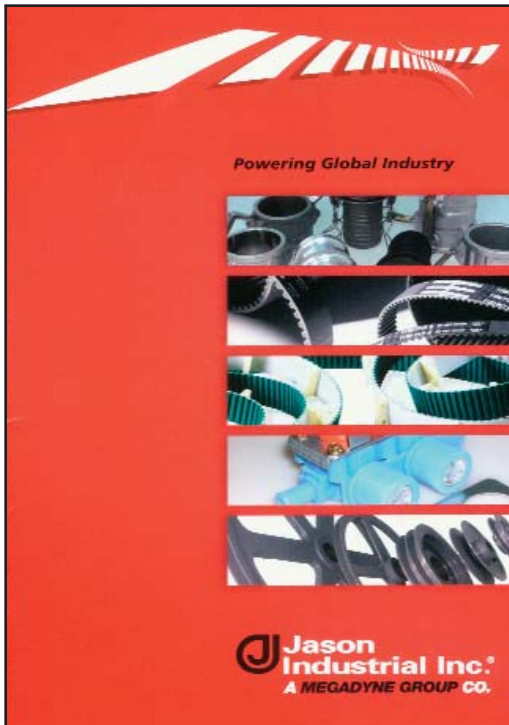

We were joined by Franco Urbani from Megadyne as he made the trip to supply guidance for new OEM opportunities for Polyurethane and RPC Platinum belts.

The pictures you see here are of the new Jason Industrial modular display booth and include the new corporate identity which you'll begin to see as we roll forward into 2011.
