

JASON WELCOMES NEW TBMC APPLICATIONS ENGINEER

Brian Kratzer has joined Jason Industrial as an Application Engineer at our TBMC location supporting technical sales opportunities with OEM's, as well as supporting the Jason sales organization.

Prior to joining Jason, Brian served as a Product Development/Design Engineer for New Pig Corporation in Tipton, PA. He also served as a Process Engineer and Product Manager for Containment Solutions, and as a Product Engineer for Overhead Door.

A 1997 graduate of Pennsylvania State University earning a B.S. in Electro-Mechanical Engineering, Brian also served as a shop supervisor in the U.S. Navy earlier in his career.

Brian and his wife Hollie reside in Huntingdon, PA and will be relocating to Greenville, SC. Both are fitness enthusiasts, property renovators and avid motorcyclists. They have two children and a grandson.

Please join me in welcoming Brian to Jason Industrial.
