

JASON TAMPA WELCOMES NEW CUSTOMER SERVICE REPRESENTATIVE

This past January, Chris Tydd joined Jason Industrial Tampa as Customer Service Representative, relocating here from the Chicago area.

Growing up in Batavia, Illinois, Chris is a 2014 graduate of Carthage College in Kenosha, Wisconsin with a Bachelor of Science degree in Business Management. Before Carthage, he attended Marmion Academy, an all boys Catholic military school and completed the U.S. Army JROTC training program. As an athlete, he excelled in football, wrestling and baseball, the latter playing both Varsity and later at Division III levels.

Chris comes to us with extensive communications skills, attributed from his experience working within the Diocese of Rockford and also assisting his mother, a teacher at a special needs school for the cognitively impaired, with activities planning and event coordination during the school year.

He is happy with his move to the Sunshine State and is taking full advantage of the beautiful weather, going to the beach and fishing and golfing.

Chris is a great addition to our Tampa team, and we wish him the best with his future at Jason Industrial.

Please join me in welcoming him.
