

# JASON INDUSTRIAL WINS “BEST BOOTH” AWARD AT IDC-USA SHOWCASE

One week before the Indy 500, Jack Bailey, President of IDC-USA, presented Jason Industrial with the distinguished “Best Booth” award at this year’s IDC-USA Forum held in Indianapolis.

Jason Industrial joined over 65 other manufacturer’s at IDC-USA Forum this past week, including Bando and ContiTech (formerly Veyance Industries). Joining me in representing Jason was Elisavet Hidalgo (Hose & Coupling Inside Sales Representative based out of our Carol Stream, Illinois location). At the show’s conclusion, all IDC-USA members/distributors in attendance were asked to vote on which booth they considered to be the best at the event.

We are grateful to have been recognized for this unique and respected honor.

John Flanders
