

JASON TEXAS WELCOMES NEW BRANCH MANAGER

On October 25th, Jason welcomed Roland Baker into the position of Dallas Branch Manager.

Roland comes to Jason with over 20 years of logistics, warehouse/distribution center management and account supervisor experience. Over the last ten years, he served as General Manager with Wagner Industries Inc., a third-party logistics company with a 300,000 square foot warehouse operation.

I know he's excited to join Jason Industrial in time for the expansion into our new and larger Dallas facility.

Please join me in welcoming Roland to the Jason/Megadyne family!

- Doug Heckmann
